BUKAN JURNAL INTERNASIONAL TERINDEKS DI SCOPUS

means that if miscellaneous official regional real income value ascends up to Rp.1, then regional real income value will also ascend up to Rp. 1.778.

CONCLUSION

Based on data analysis of calculated F-value, regional tax, regional retribution, self-governing regional wealth yield, and miscellaneous official regional real income were statistically showing simultaneous effect on regional real income.

Refer to data analysis of calculated t-value, regional tax was partially showing insignificant effect on regional real income. Calculated t-value of regional retribution was partially revealing significant effect on regional real income. Calculated t-value of self-governing regional wealth yield was partially showing insignificant effect on regional real income. Calculated t-value of miscellaneous official regional real income was partially revealing significant effect on regional real income.
